As a condition of participation in this 2020 Event, the Owner(s) of the nominated horse(s) hereby grants to the Sponsors, its representatives, successors, and assigns the absolute right to copyright and publish, use or reuse still and motion photographic pictures of its horses, drivers, trainers, employees, officers and agents, in whole or in part, in composite or in distorted character, with or without use of names, in color or otherwise, for the purpose of promotion, advertising, trade or other lawful purpose in any and all media. Owner(s) waives any right to inspect and/or approve the finished product or the copy that may be used in connection therewith or the use to which it might be applied. Owner(s) further agrees to inform his drivers, trainers, employees, officers and agents of the authority granted to the Sponsors herein, to hold Sponsors harmless from any and all liability and damages, and to indemnify the Sponsors from same should any such owner(s), driver(s), trainer(s), employee(s), officer(s) and agent(s) challenge Sponsors' rights herein as set forth above.

Racing Conditions:

All races are one dash at one mile. Post positions for all races will be drawn by lot. The Final will be limited to no more than nine (9) horses.

If the number of horses declared into the eliminations are not enough to split into elimination races of at least six (6) separate pari-mutuel interests in each of two eliminations, that race will be held with a single elimination race to "qualify" only enough horses that can be accommodated by the number of positions in the front tier of the starting gate as follows:

a) From the other declared horses, those with the least total earnings in the period from Jan. 1 of that year up to time of declaration, will be selected to race in a single elimination field with no more starters than can score in a single tier with no trailers, nine (9) at the Track. Money earnings for races outside the U.S. will be calculated at the exchange rate for U.S. dollars as determined by the USTA.

b) The remaining declared horses, if any (i.e. those with the higher money earnings that cannot be accommodated in the front tier of the elimination field may elect to automatically advance to the Final. If any of the higher money earners, as determined above, elect instead to race in the elimination, other declared horses, in preference of the greatest earnings, may be selected to automatically advance to the Final. If no horses elect to advance to the Final that elimination will be conducted with trailers.

c) The best finishers in the single elimination plus those that have automatically been advanced to the Final will make up the field for the Final. Except for those automatic finalists, preference to qualify for the Final will be given to the horses in their official order of finish in the eliminations.

If two eliminations are required, the first four (4) official finishers, along with the official 5th place finishing horse with the highest earnings in that year, as compiled by the USTA and including the

elimination earnings will advance to the Final.

If three eliminations, the first three (3) official finishers will advance to the Final.

If four eliminations, the first two (2) official finishers in each race, along with the official 3rd place finishing horse with the highest earnings in that year, as compiled by the USTA and including the elimination earnings will advance to the Final.

Should there be more than four eliminations; the management of the Track will announce the appropriate procedure in determining the starters for the Final. Horses must have started in the eliminations in order to race in the Final.

TRAINERS ARE RESPONSIBLE FOR ENTERING THEIR HORSES IN THE FINAL EVENT.

Horses that qualify for the Final will not be allowed to elect instead to go into the consolation. If the eliminations are necessary, post positions in the Final will be determined by an open draw.

There will be two (2) "Also Eligibles" for the Final drawn from those horses that do not qualify for the Final as provided above determined first by finishing position and then, if need be, by the highest earnings for the year.

However, should two or more horses tie for the final position(s) to make up a field of nine (9) for the Final and the Also Eligibles by virtue of their finish in the elimination(s) above, such tied horses shall be eliminated from the Final by giving preference to the horse(s) with the highest earnings in that year, as compiled by the USTA and including the elimination earnings. In the event of a dead heat for the last position(s) in one or more of the eliminations to qualify or advance to the Final, a horse in another elimination finishing in the same position and not in a dead heat, regardless of earnings, would have preference over a horse finishing in a dead heat (i.e., with two eliminations, a horse finishing fifth has preference over the two horses that were dead heated for fifth).

Finally, if tied horses have equal seasonal earnings, then the finalist(s) will be drawn by lot with each of the horses having trainer or representative present at that draw.

If because of an accident in the elimination race, an insufficient number of horses finish that race and qualify for the Final, the remaining finalist(s) and "Also Eligibles" will be selected by lot from the remaining non-offending horses in that elimination where the accident occurred.
